1) In the case of submission of 10 samples or more at a time for the same set of parameters, a discount of 10% on the overall testing charges shall be considered.

2) GST extra as applicable

3) The customers shall pay the testing charges in advance at the time of submission of samples as cash / NEFT / RTGS as per the bank account details by SITRA

4) In the case of postage / courier of samples of 2 Kg. and above, courier charges of Rs. 250/- shall be levied extra.

Point a) Fabric Touch Tester was procured under comfort index project. In order to receive more samples to know the current sample comfort properties. However, the overhead expenses pertaining to this test was taken from the overhead expenses. After completion of this project, the overhead expenses needs to be included in testing charges.

Point b) As the consumables pertaining to the test was increased, the testing charges need to be increased.
